

# R10 N95 POUCH RESPIRATOR

**R10 N95 Pouch Respirator** is a single-use respirator to be used by skilled professionals in critical environments who need to protect the process and are mandated to wear specific PPE to protect against the transfer of non-oil aerosolized particulate matter.

**Not for medical use.** This N95 respirator passes all relevant NIOSH testing protocols. Please note that NIOSH approval protocols do not include specific tests for respiratory diseases.

**Product Description**

Code	Description	Color	Quantity
64235	Pouch Respirator	White	50/bag, 6 bags/case, 300 total

**Construction**

Component	Material
Inner facing	Non-irritating polypropylene
Outer facing	Clean durable bicomponent material
Filter Media	Electro-statically treated melt blown (two layers)
Headband	Elastomeric polypropylene material
Nosepiece	Flexible wire

**Physical Properties**

Property	Target	Test Method
NaCl Penetration	<5% @ 85 lpm	TEB-APR-STP-0059
Exhalation Resistance	<25mm H <sub>2</sub> O	TEB-APR-STP-0003
Inhalation Resistance	<35mm H <sub>2</sub> O	TEB-APR-STP-0007

**Features**

- NIOSH certified: TC# 84A-9042
- Made with four total layers of protection. Two electro-statically melt blown layers combined with a bi-component outer facing and non-irritating polypropylene inner layer.
- Comfortable non-irritating lining
- Flat pouch-style breathing chamber for added comfort
- Headbands of bi-component elastomer material
- Fits secure to face, helps ensure tight facial seal, and prevents leakage around edges
- Provides a minimum of 95% filtration efficiency for 0.3 micron particles
- Made in the USA. TAA compliant. Covered by FDA Emergency Use Authorization (EUA) issued March 28, 2020
- Not oil resistant
