

**Quick sticks and tight holds.
Where you need it most.**

3M™ High Performance Flatback Tape 2519

When consistency is critical, you need a brand you can trust. And now you don't need compromise quality for a lower price. 3M Tape 2519 is priced to sell.

Use this high performance tape for liner boards, bundling, holding, packaging applications, reinforcing, wrapping and protecting. Its rubber adhesive holds securely on materials such as kraft paper, linerboard and uncoated freesheet (office paper).

- Can be used on many grades of brown paper and paperboards for general splicing, roll starting, tabbing and roll closure applications
- High strength paper backing for surface protection when applying thick-coat paint or caulk
- Lower unwind tension and hand tearable
- Can be machine dispensed

Go-to pricing you'll get stuck on.

3M™ High Performance Flatback Tape 2519

Flatback Comparison

3M Tape 2519 outperforms competitive brands in adhesion to linerboard, uncoated freesheet and kraft paper (comparable to industry favorite 3M Tape 2517 in adhesion to these paper products). Offers an alternative solution where process temperatures range up to 200°F (93°C).

- 3.5 times better shear
- 3 times better adhesion to paper (fiberboard)
