Featheredging and Primer Sanding

Combination of the premium materials with 3M manufacturing equality results in the most cost-effective abrasive on the market. Designed for fast cut and consistent finish. Clean sanding configuration provides even longer life due to less loading with or without dust extraction.

Abrasives: 3M™ Purple Abrasives

Finishing

High-performance Aluminum Oxide. Cuts fast, lasts long, resists loading and leaves a consistent finish. Use to remove runs, dust nibs and excess texture from topcoat finishes.

Packaging 200 per case

Substrate Preparation

Combination of the premium materials with 3M manufacturing quality results in the most cost-effective abrasive on the market. Designed for fast cut and consistent finish. Clean sanding configuration provides even longer life due to less loading with or without dust extraction.

3M™ Gold Hookit™

Performance Aluminum Oxide cuts fast, lasts a long time, resists loading and leaves a consistent finish. Use these products with a soft interface pad. Use them to remove runs, dust nibs and excess texture from topcoat finishes before buffing.

3M™ Gold Stikit™

Performance Aluminum Oxide cuts fast, lasts a long time, resists loading and leaves a consistent finish. Use these products with a soft interface pad. Use them to remove runs, dust nibs and excess texture from topcoat finishes before buffing.

Color White
Packaging 400 per case

Pads

	04028	04029	04050	05509
Description	 Conformable web and finest silicon carbide hand pad available. Excellent for final finishing and light cleaning. May be used by hand, with a hand block, or on an in-line sander. Abrasive mineral: Ultra fine grade silicon carbide.	 Most universally used in a variety of applications. Excellent starting point to clean, finish, grain, denib and defuzz. May be used by hand, with a hand pad block, or on an in-line sander. Abrasive mineral: Very Fine grade aluminum oxide.	 Tight and dense, this pad is the most aggressive and durable web. Excellent for heavy cleaning, deburring, and finishing. May be used by hand, with a hand pad block or on an in-line sander. Abrasive mineral: Medium grade aluminum oxide.	 Open construction pad with tough fibers and abrasives make fast work of heavy duty cleaning jobs. Use in the kitchen to replace scrapers, steel wool and metal sponges. Typical applications include heavily baked-on food and food processing equipment.

Description	 Pad has fine mineral for very light cleaning. Use with liquid detergents for wax mold deflashing, highlighting and top coat rubbing of wood, cleaning of porcelain, stainless steel, chrome, painted surfaces and glass.	 For scuffing before applying paint and primer-surfacer. Also used for used car reconditioning, cleaning upholstery, headlines & door pads, chrome & white wall tires. Rinses clean and does not rust. Can be used over and over again.	 Use ultra fine hand pad for light cleaning, finishing of metal, plastic, composite and wood surfaces. For final sanding of primer-surfacer. Rinses clean, will not rust and can be used over and over again.	 Durable web offers long life and conformability. Designed to clean, finish and buff. May be used by hand, with a hand pad block or on an in-line sander. Abrasive mineral: Ultra fine grade silicon carbide.

Wheels

	01675	03759	05132	13619
Description	 Designed for deburring and finishing. Convolutely wound on a core. Hard and durable 8 density for aggressive edge deburring. Abrasive mineral: Fine grade silicon carbide.	 Long lasting, aggressive wheel for tough blending and finishing applications. A layered, durable unitized wheel construction. Hard 7 density with low conformability. Abrasive mineral: Coarse grade aluminum oxide.	 High performance and durability for deburring and finishing applications. Convolutely wound on a core. Hard, durable 9 density. Abrasive mineral: Fine grade silicon carbide.	 High performance and durability for deburring and finishing applications. Convolutely wound on a core. Hard, long lasting 8 density. Abrasive mineral: Medium grade aluminum oxide.

Miscellaneous Items

	05820	09413	33194
Description	 A non-woven belt used for cleaning, finishing, blending and deburring applications. The reinforced backing offers good flexibility. Abrasive mineral: Coarse grade aluminum oxide.	Scotch-Brite™ Contour Surface Paint and Varnish Remover mounts directly to power drills by inserting the mandrel into a drill chuck. Use for removal of paint and varnish from contoured surfaces on wood, metal and plastic.	 Durable rigid and long lasting, this aggressive, open-web disc is ideal for cleaning welds, removing rust and paint. The TN quick-change system simplifies attachment to and removal from the tool.

3M™ Buffer & Accessories

	28391	28333	05710
Description	 Electric variable speed polisher designed to compound/buff/polish various substrates including but not limited to automotive paint, marine finishes, fiberglass gel coat, acrylics, etc. Electric module provides full power/maintains speed, even under load.	 This powerful .26 HP motor tool is designed for use in AOEM paint shop applications for buffing or polishing on the clearcoat. Includes a 3M™ Hookit Disc Pad	 Adaptor for the 3M™ Buffing Pads (PNs 05703, 05704, and 05705). Works with 3M™ Perfect-It™ Backup Pad (PN 05718).

3M™ Filter Bag & Vacuum Bag Insert

	20338	20452	20453	28303
Description	 Paper vacuum bag used to collect sanding dust when using a SGV Orbital or ROS. Connects to 1 in vacuum hose (PN28301) with Adapter (PN28302). Fits inside cloth bag cover (PNA1434).	 Used on Random Orbital Sanders with Self-Generated Vacuum to collect sanding dust. Eliminates the need for vacuum hose which improves operator ease of use. Use with 3M™ Filter Bag Adapter to attach bag to sander. HEPA rated.	 Used to attach 3M™ Clean Sanding Filter Bag to Self Generating Vacuum Orbital and Random Orbital Sanders. Has a 1 in external hose thread which attaches to 3M™ Sander and 1 in ID tubing with attaches to 3M™ Clean Sanding Filter Bag.	 Holds and protects paper Vacuum Bag Insert (PN20338).

Description	 Use with 6 inch diameter Hookit™ discs. Made with soft foam for conformability and spreading out finger pressure. Has 1 inch wide strap for holding the pad to the operator's hand.	 Half round construction. Use with 6 inch diameter Hookit™ discs. With the disc wrapped around the pad the 1/4 inch radius edge allows for sanding in hard-to-reach areas. Made with medium density foam for conformability.	 Use with 5 inch diameter Hookit™ D/F discs. Medium foam density and blunt 15 degree edge for good edge durability. Used for coarse grades and where good leveling is needed. Fits Random Orbital sanders with 5/16-24 internal thread.	 Dust Free painter's backup pad with Hookit™ Attachment. 31 hole pad, to be used with 5 inch 3M™ Clean Sand abrasive or other 6 hole 5 inch dust free abrasive products.

Putty

	05095	05887	08117	08193
Description	 Recommended for filling pinholes, scratches and other surface defects on a variety of automotive and marine surfaces. Its white color minimizes the possibility of color showing through the final coat as can happen when using colored putties beneath white paint. Other advantages include easy sanding, slow drying, spreads easily, and has low shrinkage.	 Two-part epoxy used to repair most flexible plastic parts, including bumper covers and other plastic body panels. This product should NOT be used with SMC/fiberglass. This product is easy sanding and formulated for excellent feathered edge.	 Manual applicator designed for use with all 200 mL cartridges in the 3M™ line of products. This product has a 1:1 mixing ratio.	 3M™ Static Mixing Nozzle for use with all 3M 200mL and 400mL two-component cartridges.

	09063	09065	09067	09089
Description	 3M patented formula that deep cleans ground-in dirt and stains on non-skid areas. Ideal for fiberglass, gelcoat, metal, and painted surfaces.	 Offers a unique solution in preventing unsightly mildew growth. Safe to use on most marine surfaces and materials above the waterline, and can be used both indoors and outdoors. Non-toxic formula helps keep surfaces looking newer and cleaner longer.	 Quickly removes mildew stains on vinyl, covers, cushions and other marine surfaces. Follow-up with 3M™ Marine Mildew Block for long-lasting protection and to help keep surfaces looking cleaner and newer longer.	 Resurrect the gloss in your boat's gelcoat with this compound/polish that combines an exceptionally fast cutting compound with a finishing material in one. It removes light to heavy oxidation, scratches, stains, blemishes, and fine swirl marks that compounding normally leaves behind on fiberglass gelcoat.

3M™ Marine Adhesive/Sealant Fast Cure 4000 UV

This is a one-part adhesive sealant that cures to form a firm, rubbery, waterproof seal. Its flexibility allows for the dissipation of stress caused by shock, vibration, swelling or shrinking. Designed for marine applications above or below the waterline. Its superior UV resistance properties make this an ideal cosmetic sealant.

Product Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for user's method of application.

Warranty, Limited Remedy, and Disclaimer: Unless an additional warranty is specifically stated on the applicable 3M product packaging or product literature, 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. If the 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability: Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
