

The Professionals Choice

Sheeting and Masking Products

The Marson® KWIKEE™ line of sheeting, masking and protective coverings offers a wide variety of products that are economical, easy to use and provide excellent car or boat protection during painting, storage or service. Each product is resistant to urethanes, lacquers, solvents, paints and primers. With Marson KWIKEE... *You're Covered!*

- **Easy Handling**
- **Save Time and Material Costs**
- **Complete Protection**
- **Multiple Size Options**

KWIKEE™ Plastic Seat Guards

KWIKEE plastic seat guards are a durable yet, inexpensive way to provide protection from dust, grease and paint for car seats. Perfect for fabric, leather and vinyl seats. Supplied in a handy dispenser box.

KWIKEE™ Plastic Wheel Guards

KWIKEE plastic wheel guards are a very inexpensive way to provide superior overspray protection for wheels and tires during the painting process. The rugged 2-ply plastic clings to the rim and tire. Available in two sizes to fit both cars and trucks.

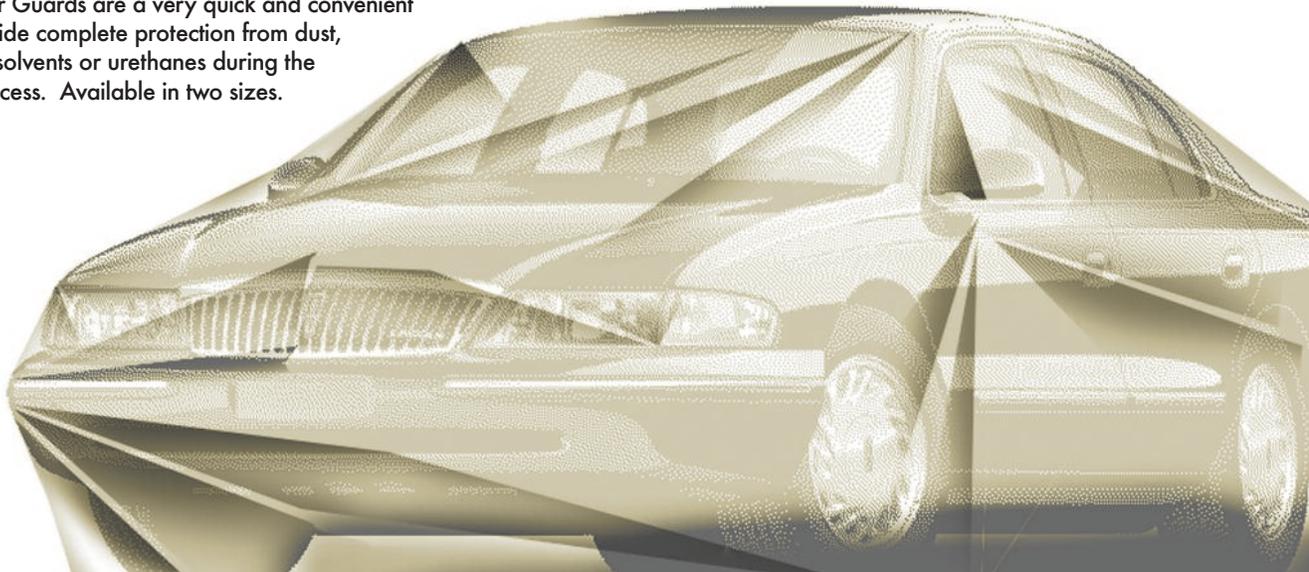

KWIKEE™ Floor Guards

KWIKEE Floor Guards are a great way to protect your customer's carpets from dirt and grease during service. Floor Guards show your customers that you care. Supplied in a handy dispenser box.

KWIKEE™ Car Guards

KWIKEE Car Guards are a very quick and convenient way to provide complete protection from dust, oils, paints, solvents or urethanes during the painting process. Available in two sizes.

The Professionals Choice

Sheeting and Masking Products

KWIKEE™ Sheet Guard

KWIKEE plastic Sheet Guards offer cut-to-fit, economical masking for quick and easy protection from dust, oils, paints, solvents or urethanes during vehicle painting and storage. Available in two widths.

KWIKEE™ Heavy-Duty Shop Bags

KWIKEE heavy-duty shop bags are made of rugged 2-ply construction and can handle all of your disposal needs. Fits up to 55 gallon drums.

KWIKEE™ Canvas and Silicone Treated Cloth Wheel Guards

Marson® canvas and silicone-treated cloth wheel guards ensure complete tire and wheel protection from airborne paints, primers and clear coats. Each KWIKEE wheel guard comes with a wire reinforcement that quickly locks it in place. They are reusable and available in heavy-duty canvas or silicone-treated cloth.

KWIKEE™ Cling Guard

KWIKEE Cling Guard Corona treated plastic sheeting provides superior protection from overspray and other contaminants. Oils, paints, solvents and other airborne contaminants adhere to Cling Guard without flaking and prevent contamination of wet paint during the painting process. Cut to any length you need. Available in four widths to cover everything from compact cars to large SUV's.
