With so many choices  
of masking tape, how do you choose  
the right one?

Introducing...

Now it's easy to choose the best tape to get the job done right.

To win in today's highly competitive marketplace, you need the right tools. And that includes your masking tapes. So 3M has created a simple, 5-tape system to help you choose the right tape for your job.

Five tapes, built on increasing levels of performance and a common goal of helping you **finish jobs worth finishing.**

It's industrial Masking Made Simple.

**3M™ Value Masking Tape**  
**101+**

The basic tape for basic jobs

- Indoor use
- Light-duty applications
- Ideal for marking, temporary holding, wrapping and sealing

**3M™ General Use Masking Tape**  
**201+**

The tough tape for everyday jobs

- General indoor use
- Light-to-medium duty
- Smooth and conformable
- Sticks with confidence to a wide variety of surfaces
- Easy to handle, apply and remove in one piece
- Ideal for bundling, labeling and identifying

**3M™ Performance Yellow Masking Tape**  
**301+**

The dependable choice for industrial performance

- Good conformability to irregular surfaces
- Resists paint bleed-through
- Great paint lines
- Yellow backing ensures good visibility
- Ideal for industrial paint masking, bundling, holding, marking, color coding and sealing
- Withstands surface temperatures up to 225°F (107°C) for 30 minutes

**3M™ High Performance Green Masking Tape**  
**401+**

The industrial strength GREEN colored performance

- Highly conformable to many surfaces
- Superior adhesion to metal, rubber, glass and plastic
- Removes cleanly in one piece with no residue
- Resists paint bleed-through
- Creates sharp paint lines
- Green backing improves visibility and accuracy during paint masking
- Ideal for high performance industrial painting, including two-tone color application on trucks, buses, trailers, trains, fire trucks, ambulances and airplanes
- Withstands surface temperatures up to 250°F (121°C) for 30 minutes

**3M™ Specialty High Temperature Purple Masking Tape**  
**501+**

The highest degree of industrial performance

- Exceptionally conformable to irregular surfaces
- Superior adhesion to metal, rubber, glass and plastic
- Creates super-sharp paint lines
- Smooth crepe backing keeps your fingers in good shape during application
- Easy unwind reduces fatigue and improves productivity
- Purple color ensures you're using the right tape for high temperature masking jobs
- Ideal for high temperature industrial paint masking applications in aerospace, automotive and specialty vehicle markets
- Withstands surface temperatures up to 300°F (149°C) for 30 minutes
