Bike Racks

3M[™] Industrial Protective Films 7070UV & 7071UV. Helping your products get through life unscathed.

The world can be a very harsh place. UV rays. Fingerprints. Foot traffic. Everyday scratches and scuffs and dings. It all adds up to shorter life spans for all but the toughest materials. Now there's a way to help almost anything you make get through life unscathed: 3M[™] Industrial Protective Films 7070UV & 7071UV.

These specialty engineered films from 3M are designed for one thing: Long-term protection for the surfaces of your products.

- Creates a highly durable, transparent shield—without obscuring your surface design
- Becomes a tough part of your product's outer skin
- Helps maintain your product's new-looking appearance
- Less maintenance for your customers and potentially fewer warranty claims

| Product/Color | Tape Structure (Backing/ Adhesive) | Backing Thickness mils (mm) | Total Thickness mils (mm) | Temperature Range °F (°C) | Comments |
|----------------------|---------------------------------------|--------------------------------|------------------------------|-------------------------------------|----------------------------------------------|
| ASTM Test Method: | | D-3652 | D-3652 | | |
| 7070UV | polyurethane/acrylic | 6.5 mils (0.17 mm) | 8 mils (0.20 mm) | minus 20 to 170 (minus 28 to 77) | UV Resistant. Protects indoors and outdoors. |
| 7071UV | polyurethane/acrylic | 12 mils (0.30 mm) | 14 mils (0.36 mm) | minus 20 to 170 (minus 28 to 77) | UV Resistant. Protects indoors and outdoors. |

Keep your products looking new longer. Contact your local 3M representative or call 1-800-362-3550 to learn more about 3M[™] Industrial Protective Films 7070UV & 7071UV.
