

### Heavy Duty PVC (Vinyl) Aprons

- These heavy duty PVC aprons feature 18mil die cut PVC and offer users a combination of chemical splash protection and flexible comfort
- The 56-102 and 56-103 versions have an additional 18mil patch in the stomach area in order to provide extra protection in the critical high wear areas
- 48 inch ties and sealed grommets provide a durable, consistent and adjustable fit on all sizes and styles
- 56-100 series aprons are designed for medium to heavy duty applications

#### Industries

- Chemical processing
- Food processing
- Food service

#### Applications

- Chemical processing
- Food handling and preparation
- Industrial maintenance

### Key Features

#### Reliable Protection

- Wherever oil, grease and chemicals are present, Ansell aprons help workers keep clean and protected from harmful contact.
- PVC (Vinyl) aprons traditionally offer excellent protection where splashes from acids and caustic bases are a concern.

#### Durable

- The PVC construction is flexible yet offers resistance to abrasion and puncture.
- Sealed grommets with adjustable ties allow for size adjustment without tear-out.
- Versions with stomach patch enhance protection in critical wear areas.

#### Comfort and Selection

- Bib styles in two sizes with adjustable ties ensure optimal fit for a wide range of users. Also available in multiple colors giving a wider selection choice.
