

**56-015** PVC Aprons

# Medium-duty PVC apron, for protection against acids, bases, oils, fats, punctures, and abrasion

- Specialized protection: The AlphaTec<sup>®</sup> 56-015 protective apron is designed with a die-cut 5-6 mil PVC construction, blending flexibility with puncture and abrasion resistance, while protecting against oils, fats, acids, bases, and other chemical splashes
- Optimized fit: This medium-duty apron's onepiece construction is economical and features an integral head opening and ties, which enable wearers to easily adjust it and find the most comfortable fit for them
- Reduced contamination risks: Thanks to a seamless vinyl construction, this protective apron boasts high-level durability and minimizes the risk of trapping contaminants, while remaining easy to clean

#### **Industries**

- Food Processing
- Life Sciences

#### **Applications**

- Packing of fillets and ground meat
- Canning
- Bottling
- Storing and transportation
- Equipment maintenance and repair
- Plant disinfection and sanitization
- Transferring liquids

## 56-015 **PVC Aprons**
