

VISION WELDING HELMET SERIES

Size Matters. See the big picture with
the largest viewing area in its category.

ARCONE |  **WALTER**

HD Technology

See color in its truest form with ArcOne's exclusive HD technology. This innovative feature available with ArcOne Vision hoods increases the range of visible light when looking through the welding lens. This means you'll see more natural colors, providing a clearer, more defined view of your work area.

Every welder is different. That's why we offer a wide selection of lens options, all specifically designed to help you optimize your welding productivity.

NEW & IMPROVED

VISION BFFVX BENEFITS

- ▶ 17.05 square-inch viewing area improves weld pool vision as well as peripheral view of surroundings
- ▶ Unparalleled optical clarity and sensitivity
- ▶ X-TIG mode for welding when views are obstructed
- ▶ Slim fit design made for welding in tight areas
- ▶ Solar-Powered
- ▶ USB charger for backup charging
