

Granular & Neutralizer Absorbents

Granular absorbents are loose, multi-purpose absorbents that are ideal for liquid spill clean-up, lab packing and stabilization of free liquids. These absorbents are ideal for facilities that prefer or require the use of traditional granular absorbents.

Neutralizing polymers provide safe spill control for most acids, including battery spills. Color change indicates when neutralization has taken place.

Re-Form™ Industrial Absorbent

- 100% recycled material, safe for the environment and employee use
- Absorbs oils, solvents, lubricants, water and most non-aggressive liquids on contact
- 1:1 absorbency ratio - absorbs its own weight

Catalog #	Size	Qty.
RFGANULAR	30 lb bag	65/pallet

SPC Granular Absorbent

- All natural corn cob product for oil, grease, water and other liquids
- Ideal for use in aircraft maintenance, machine shops, food processing, filling lines and bulk liquid transfer stations
- Not for aggressive fluids
