

TRIMMABLE FLAP DISCS

New **C3 & Z3 Trimmable Flap Discs**
USA Made Flap Discs

Description and Applications

- Time is Money. Trimming the backing allows for more of the disc to be used for fewer disc changes and better production rates.
- Easy Trimming. Simply angle the backing edge against a hard metal to expose more flap material.
- Easier Heavy Duty Jobs. Stiff backing construction paired with a **compacted 4 degree flap angle** make grinding easier, quieter and with less vibration.
- **C3 (Ceramic)** for aggressive cutting action. Self-sharpening ceramic grain and cool grinding aid. Ideal for hard-to-grind materials including steel and other heat sensitive materials.
- **Z3 (Zirconia)** for fast, long-lasting grinding. 20% more material than regular Z3 flap discs. Ideal for heavy-duty applications.

Compact C3 & Z3 Trimmable Flap Discs

SIZE	GRIT	RPM	CARTON QTY	C3 CERAMIC UPC#	Z3 ZIRCONIA UPC#
