Battery Powered Backpacks - **NO MORE PUMPING**

24v Lithium-Ion 4 Gallon Backpack Sprayer

2 hours of continuous spraying, that's up to 58 gallons. Offers 35-40 PSI with a 35 foot maximum horizontal spray stream. 6-inch wide mouth for easy filling and cleaning with a carrying handle built right into the cap. Weighs 39% less than competitive units. Equipped with Viton® seals for long life and chemical resistance. Cushion grip shut-off with built-in, serviceable filter to assure that no debris can clog the nozzle tip. Deluxe padded straps with chest strap for comfort in prolonged use. Durable and long-lasting with regular cleaning. Battery charger included.

Premier Series

Premier poly

Chapin's premier retail lineup. Available in Poly or Metal, these sprayers have the features of professional models. Each have large tank openings for quick and easy filling, metal pump handles for heavy use, brass shut-offs, brass wands and adjustable brass nozzles for the more demanding projects of professionals and consumers.

Premier metal sprayers feature an easy-to-fill funnel top design. Chapin TriPoxy® coated steel tanks are known for their long life and corrosion resistance.

- Steel Frame Trailer w/Pneumatic Tires and Adjustable Hitch
- 7' Spray Boom Included

97600 15 Gallon TOW BEHIND
Deluxe Sprayer

97700 25 Gallon TOW BEHIND
Deluxe Sprayer

Ground Driven 15 Gallon Tow Behind Sprayer

The Patent Pending Tube Compression (Peristaltic) pump ensures the flow rate varies with the speed of the tractor or ATV towing it. The principle of the peristaltic pump system is three turning rollers which flatten the flexible hose to force liquid through a nozzle. There is no need to pressurize or pump air into the tank. This unique system provides pressure as the rollers compress the tube and move the contents.

- No battery hook up needed
- Easily attaches to any tractor, ATV, or UTV
- Drain plug to empty tank
- Trailer with pneumatic tires and boomless nozzle
- 7.5 flood nozzle puts out 1.5 GPM at 40 PSI
- Chart included with nozzle application coverage
- Chemicals contact no internal parts, just hose, tank and nozzle equating in longer sprayer life
- Less maintenance than electrical pump sprayers
- 5.5' spray width

Portable Spreaders/Seeders

Chest Mounted Spreader

Spreads up to 35 lbs of seed or fertilizer where a push spreader can't.

Gate Adjustment
Controls the direction of spread

Trigger Gate Control
Controls the size of the gate opening

Side Baffle
Deflects product to control spread width

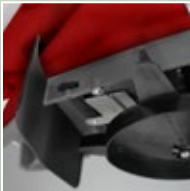

Padded Adjustable Strap
For comfort

8700A

Professional Bag Seeder

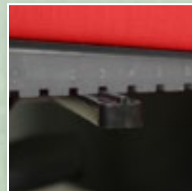

The Chapin Professional Bag Seeder easily spreads up to 25 lbs of seed or fertilizer where a push spreader can't.

Rear Baffle
keeps seed from filling your pockets

Waterproof lining
keeps seed dry

Gate Adjustment
Easily control how much you apply

84700A

Hand Crank Spreader

Trigger - On/Off Gate Control
To control the flow of product

Enclosed Gears
Prevents debris interference

3 Gate Adjustment Settings
Accommodate a broad range of product

Spread up to 1.5L of seed, fertilizer, or ice melt over small areas with the convenient scoop-style hand crank spreader. Three gate adjustment settings make this a versatile item for any season.

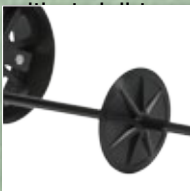

84150A

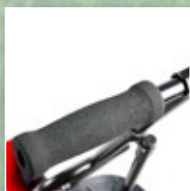

Garden Seeder

Plant seeds accurately in rows at specified depths without straining your back. The Chapin Garden Seeder accommodates 20 seed types with its 6 included seed plates. Designed to plow, plant, cover seeds over, and mark the next row as it rolls easily over

Adjustable Row Marker
For row width flexibility

Cushioned Handle Grips
For comfort

6 Interchangeable Seed Plates
For use with up to 20 types of seeds
