Bandages Dispensers & Refills

Bandage dispenser created for the industrial market, these dispensers are colour coded and contain 4 different types of fabric bandages: 3/4 in x 3 in, 1 in x 3 in, fingertip and knuckle bandages.

Great in work areas where an easy access to bandages is required. Prevents loss of time by searching in a first aid kit. Easy to install and to use. There are 2 kinds of dispensers available: red for regular industrial use and blue for the food industry, or any other type of industry that requires detectable bandages.

- Dispenser and bandages are colour coded
- 4 different types of fabric bandages
