

Model: EP675 Volcano
Series of Protective Eyewear

EP675C

Description:

EP675 Volcano series has a modern design with dual-injection temple arms for a more comfortable fit. Its 8.0 base curve lens and wide temples offers great optical quality and extra side protection. The EP675 is completely dielectric. Lenses are treated with the exclusive 4A coating (Anti-Scratch, Anti-UV, Anti-Static & Anti-Fog). The EP675 Volcano series protects against dangerous UV rays. It offers the option between four lens colors (Clear, Smoke, Amber & I/O Mirror).
