

Model: EP675G Volcano Plus
Series of Protective Eyewear

EP675GC

EP675GS

Description:

EP675G Volcano Plus series has a modern design with dual-injection temple arms for a more comfortable fit. Its 8.0 base curve lens and wide temples offers great optical quality and extra side protection. The EP675G is completely dielectric and it is supplied with a removeable foam insert for extra protection against dust and flying particles. Lenses are treated with the exclusive 4A coating (Anti-Scratch, Anti-UV, Anti-Static & Anti-Fog). The EP675G Volcano Plus series protects against dangerous UV rays. It offers the option between four lens colors (Clear, Smoke, Amber & I/O Mirror).
