

Model: EP895 Hummingbird
Series of Protective Eyewear

Description:

EP895 Hummingbird series has a contemporary dual-lens design on a half-frame. It is equipped with a Flexi-Fit soft nosepiece that sits low on the lens for a better fit. This series is very lightweight (weighing less than 1oz). It has a 9.5 base curve lens for extra coverage & protection. The soft nosepiece and co-injected temples prevent slipping and increase comfort. Lenses are treated with the exclusive Dyna-Shield coating (Anti-Scratch, Anti-UV, Anti-Static & Anti-Fog) for better longevity. The EP895 series protects against dangerous UV rays. It offers the choice between 4 different lens colors (Clear, Smoke, Amber and IO Mirror). The EP895 Hummingbird fits a wide variety of different faces.
