TECHNICAL DATA SHEET

Model: EPHG High-Performance Headgears for Faceshields

EPHG700R

EPHG300

EPHG401R

Description:

EPHG series of head-gears is designed specifically to carry a wide range of faceshield visors. It is robust and versatile. Made of Noryl material for better resistance against sparks and heat. This series offers headgears that can go directly on the head or cap-mounted versions. It comes with a spark-guard for better protection. The headgear's head harness comes with an adjustable strap for better fit and more comfort. The cap-mounted version can go on a wide variety of slotted hard hats. It is made of totally dielectric material. It comes with a swivel system to raise and lower the faceshield.

Product Number	Description	Order Multiples	Case Quantity
EPHG300	Head-mounted headgear, Pin-lock adjustment, Dielectric, 3" crown spark-guard, HDPE material	1	12
EPHG300R	Head-mounted headgear, Ratchet adjustment, Dielectric, 3" crown spark-guard, HDPE material	1	20
EPHG400R	Head-mounted headgear, Ratchet adjustment, Dielectric, 4" crown spark-guard, Noryl material	1	12
EPHG700R	Head-mounted headgear, Ratchet adjustment, Dielectric, 7" crown spark-guard, Noryl material	1	12
EPHG401R	Cap-mounted bracket, Dielectric, 4" crown spark-guard, Noryl material	1	20
EPHG701R	Cap-mounted bracket, Dielectric, 7" crown spark-guard, Noryl material	1	20

SIZE	N/A	**COUNTRY OF ORIGIN**	Canada
TYPE	Headgear & Cap-Mounted Faceshield bracket	**MATERIALS**	HDPE / Noryl
CLASSIFICATION	Class 6 (combination with hardhat &/or visor)	**Suspension**	N/A
COMPLIANCE	CSA Z94.3-15 / ANSI Z87.1-2014	**COLOR**	Black
COMPONENT CLASSIFICATION	Accessory	**OTHERS**	

PS 1: EPHG300 & EPHG300R are not compatible with EP919 series of faceshield visors
PS 2: EPHG401R & EPHG701R are not compatible with full-brim style of hardhats
