FIRST AID PRODUCTS

DYNAMIC, THE REFERENCED LEADER FOR PPE IN CANADA, IS NOW A PROUD PART OF THE PIP GLOBAL FAMILY

Protective Industrial Products, Inc. (PIP) was initially established in 1984 as a supplier of work gloves. Today we are a global provider of a vast array of consumable personal protective equipment to multiple industries and channels of distribution.

Our Dynamic branded safety equipment are proudly made to meet all the safety regulations and/or standards required in Canada, the United States, Europe and Latin America. These products must be certified by multiple certification bodies such as CSA, ANSI, CE, NIOSH and when permitted, we are proud to display these logos on our products. This ensures that you can place your trust in products that meet the highest possible standards of quality.

PRODUCTS & PROGRAMS THAT SUPPORT YOUR BUSINESS OBJECTIVES

Our manufacturing facilities in Canada are committed to bringing to market products that provide the best possible comfort, fit, and value. But bringing you the best doesn't stop there. Our dedicated team of product managers and specialists have over 100 years of collective experience, ensuring that you receive expert support and enabling you to conduct trainings and risk assessment in the workplace,

in addition to helping your safety committee select the proper PPE. Furthermore, we are continuously developing our website that is second to none, thanks to powerful yet intuitive tools such as our product selector and 3SP™ assessment.

At PIP Canada we strive to design and produce the best PPE in the market, and make sure that all employees arrive home safe and sound everyday.

**BRINGING THE
BEST OF THE WORLD
TO YOU®**

BANDAGE DISPENSERS & REFILLS

Bandage dispenser created for the industrial market, these dispensers are colour coded and contain 4 different types of fabric bandages: ¾" x 3", 1" x 3" fingertip and knuckle bandages. Great in work areas where easy access to bandages is required. Prevents loss of time from searching through a first aid kit. Easy to install and to use. There are 2 kinds of dispensers available: red for regular industrial use and blue for the food industry, or any other type of industry that requires detectable bandages.

- ▶ Dispenser and bandages are colour coded
- ▶ 4 different types of fabric bandages
- ▶ Prevent loss of time from searching through a first aid kit
- ▶ Easy to install and to use
