

Model: FPMX101D2DR

Description

FPMX101D2DR combo is based on FPX101D harness, which is a vest style harness with integrated cushion on back, shoulders and leg straps, with 5 adjustment and 3 connection points, and aluminum hardware.

The “DYNA-PRO” line of harnesses was designed for the ultimate in ease of donning, with light weight breathable padding with minimal body contact for a superior fit and comfort.

The “DYNA-PRO” harness is the lightest in its category.

These harnesses come with aluminum bayonet style connectors which make them easy to put them on and off.

The FPX1001D is a CSA Class A harness

The combo has also an industrial belt with two bent aluminum D-Rings and a tool belt.

The reflective double side stripe of the webbing has 500 candle power
