

Multi Purpose

Medium Duty

Multipurpose nitrile-coated gloves, offering superior snag, puncture and abrasion resistance

- **Advanced durability:** With 10 times greater durability than standard 8-ounce cotton gloves, EDGE[®] 40-105 protective gloves offer superior resistance to snags, punctures, oils and abrasions, besides featuring porous nitrile coating that repels oils to provide an excellent grip on oily surfaces
- **Optimized ergonomics:** EDGE[®] 40-105 hand protection gloves' soft, flexible coating molds to the hand to provide greater dexterity
- **Enhanced comfort:** Thanks to their ergonomic and seamless design, these safety gloves offer form-fitting comfort
- **Food handling compliance:** These food grade gloves are composed of FDA-compliant materials and are safe for food packaging

Industries

- Automotive
- Metal fabrication

Applications

- Delivery of parts to production line
- Delivery of vehicles to expedition area
- Driving fork lifts, trailers
- Delivery of finished equipment

Key Features

- **Nitrile coating:** For work gloves with superior durability
- **Soft and flexible coating:** Naturally curved for greater dexterity
- **Ergonomic and seamless design:** For assured hand comfort and agility

Performance Standards & Regulatory Compliance
