Goat-Grain Driver Gloves with Kevlar®/  
Composite Filament Fiber Lining and  
Gauntlet Cuff

#399GKGL5

Goatskin has high tensile strength and abrasion-resistant properties and is often referred to as nature's strongest leather. Soft and lightweight, our white drivers-style, goat-grain leather glove is fully lined with a blend of Kevlar® and composite filament fiber, offering ASTM cut-level 4 protection. Our cut-and-sewn liner dons much more easily than a seamless knit, thanks to the fine tailoring.

Another unique feature of this glove is the extended gauntlet cuff, which provides extra protection in a critical area. Because of a high strength-to-weight ratio, our Endura® goatskin all-leather drivers are much tougher and more durable than their suppleness leads you to think. Wing thumb provides extra durability.

Kevlar® is a registered trademark of E.I. du Pont de Nemours and Company.

# Endura®

1675 grams of cut protection.

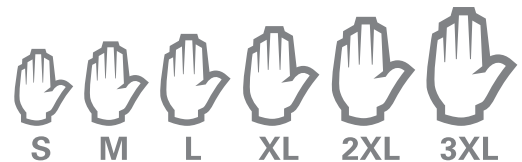

## FEATURES

- High tensile-strength goatskin provides outstanding abrasion resistance
- ASTM cut-level 4 thanks to blended Kevlar®/composite filament fiber lining
- Extended gauntlet cuff for more protection
- Lining is cut and sewn for a no-bunch custom fit
- Wing thumb for better durability and comfort

## APPLICATIONS

Metal Handling  
Construction  
Steel Plants  
Oil and Gas  
MIG Welding
