

WHAT'S NEW IN

Head PROTECTION

Custom Hard Hat Printing

Printed protective caps are highly visible – they enhance corporate image, reinforce safety programs and identify trades on the job. Logos, safety slogans and union identification look impressive thanks to our three advanced printing technology options.

Pad Printing

Pad printing is a printing process using a flexible silicon rubber-pad to transfer an inked image located on a photo-engraved plate, onto the surface of an object. This unique process can transfer fine letters, intricate lines and graphics

- Artwork is pad printed onto the hard hat
- Logos can be placed on the front, sides, or back of the hard hat
- Print up to 4 colors per location
- High-visibility tape can also be added for an extra margin of protection

Full Graphics

Thermoforming is a process that can mold a plastic sheet to result in a permanent three dimensional shape. The sheet is heated, softened and molded before cooling down to obtain the desired shape.

- Artwork is thermoformed onto the hard hat
- Custom artwork designs
- Available in a variety of colors and finishes

Heat Stamp

Using a hot metal die, logos are engraved in color in the hard hat material.

- Artwork is heat transferred onto the hard hat
- Logos can be placed on the front, sides, or back of the hard hat
- Unlimited colors and artwork detail per location
- Extremely durable and long lasting

by Honeywell

⚠ WARNING! North® hard hats should only be used in conjunction with the manufacturer's instructions. Failure to follow such instructions could result in serious injury or death.

The Peak A79

- Grooved HDPE outer shell
- Rain trough and accessory slots
- 4 point nylon ratchet or pin lock suspension with 3 level height adjustment
- Meets ANSIZ89.1-2009 and CSAZ94.1-2005 Type 1 Class E

SKU	Suspension	Color
A7901	Pin Lock	White
A79R01	Ratchet	White
A7902	Pin Lock	Yellow
A79R02	Ratchet	Yellow
A7903	Pin Lock	Orange
A79R03	Ratchet	Orange

A7902

The Everest A49

- Full brim HDPE shell with accessory slots
- Protects from the sun's UV rays, rain and falling debris
- 4 point or 6 point nylon suspension with 2 level height adjustment
- Meets ANSIZ89.1-2009 and CSAZ94.1-2005 Type 1 Class E

SKU	Suspension	Color
A4901	Pin Lock	White
A49R01	Ratchet	White
A4902	Pin Lock	Yellow
A49R02	Ratchet	Yellow
A4903	Pin Lock	Orange
A49R03	Ratchet	Orange

A49R01

The Matterhorn A89

- All purpose lateral impact HDPE hard hat with foam liner
- Rain trough and accessory slots
- 4 point nylon ratchet or quick fit suspension with 3 level height adjustment
- Meets ANSIZ89.1-2009 and CSAZ94.1-2005 Type 2 Class E
