

GEARWRENCH®

Bright Colored Handle Screwdrivers

SPEED

Quickly back off or run down screws using the "Speed Zone" for fast turning in low torque applications.

STRENGTH

All GearWrench® Screwdrivers are tested to meet or exceed ASME B107.15.

PERFORMANCE

The GearWrench® Tri-Lobe ergonomic handle provides the optimal balance of strength and comfort.

GearWrench screwdrivers are now available with highly distinctive bright colored handles so you can easily identify your screwdrivers at work. Available in 3 distinct colors, GearWrench Red, Bright Green and Bright Orange, these screwdrivers come with all the standard GearWrench screwdriver features, like ergonomic dual material solvent resistant handles, laser etched size markings and black oxide non-slip tips.
