

GOVERNMENT AND **MILITARY** Productivity Solutions

BREAKTHROUGH THINKING FROM AN INDUSTRY LEADER

For more than 100 years, Ingersoll Rand[®] has inspired progress by driving innovation with revolutionary technology and creating new standards for how the world gets work done. We're proud of our legacy for developing ruggedly reliable, class-leading industrial technologies and outstanding customer service and technical support.

Today, Ingersoll Rand is a multi-billion dollar global company that has built a reputation as an industry leader. Turn to us for breakthrough thinking, the finest equipment and a true partnership at every stage of your operation. Whether you need equipment, parts and service, technical support, training, consulting —or virtually anything in between — you can trust Ingersoll Rand to deliver.

WHY PARTNER WITH INGERSOLL RAND?

UNMATCHED QUALITY & DEPENDABILITY COST SAVINGS through durable, longer lasting products and ease of maintenance and serviceability.

INCREASED PRODUCTIVITY from high performance and efficient operation for more up time and less worker fatigue.

COMMITMENT TO QUALITY by providing maximum comfort, safety, efficiency even in most unique and demanding applications.

COMPREHENSIVE SOLUTIONS FOR BUSINESS STREAMLINED SALES & OPERATIONS

Broad Product Portfolio for a significant portion of your tool and equipment needs.

PRODUCT EXPERTS provide solutions and technical expertise for all the products we offer.

THE POWER TO PERFORM

Whether you are repairing, servicing, and or performing maintenance on a wide variety of applications, Ingersoll Rand[®] can help you increase productivity and drive down maintenance costs. With our broad assortment of products and 100+ years of experience, we can be your source for power tools, material handling and lifting needs.

COMMERCIAL FLEET MAINTENANCE

Ingersoll Rand products and services are useful for performing preventative and corrective maintenance on a wide variety of fleet vehicles and equipment including commercial or city fleet vehicles; tractors and trailers; delivery vehicles; fire, police, and public utility vehicles and apparatus, and various other commercial vehicles.

AEROSPACE & MARINE REPAIRS

Meeting today's rigorous aftermarket repairs, steel fabrications and equipment maintenance demands require consistent, durable and reliable products. Ingersoll Rand industrial grade products are built to handle the high cycles counts of use, but providing the control and precious that was originally used in the factory.

CONSTRUCTION MAINTENANCE

When it comes to the Construction Industry, Ingersoll Rand has been providing rugged, durable and tough as nails tools to withstand the harsh jobsites across the globe. We invented the first Rockdrill in 1871 and have continued our innovations with products like our ATEX & C1D2 certified tools.

VEHICLE MAINTENANCE & MOBILE SERVICE

Pneumatic Impacts

- 3/8" to 1" Drive Size
- Standard Anvil & Extended Anvil Impacts
- Max torque ranging from 25 to 2,100 ft-lbs.
- Torque Limited Impacts available to prevent over tightening
- · Durable, high-quality, impressively powerful, and have added features for frequent or rigorous applications

Cordless Impacts

- 3/8" to 1" Drive Size
- IQv Power Control System providing Torque Control with 4 settings:
 - Maxiumum Power
 - Mid-Range Power
 - Hand Tight for light snuggling
 - Wrench Tight for quick rundown

Sanders and Polishers

- Sanders, polishers & buffers come in a variety of models
- Durable, lightweight and low vibration producing ultra high-quality finish

Angle and Die Grinders

- · Large assortment of grinding products for many different applications
- Die grinders are available in straight or right angle for those hard to reach places
- Angle grinders are the perfect choice for high performance material removal

Hammers, Scalers & Chisels

- Powerful yet economical air hammers designed for light exhaust system work, bolt cutting and front-end work
- · Hammers are available as a kit, including a variety of chisels for general cutting, chipping and scraping

- holes • 0.5 HP in both 3/8" and
- 1/2" chuck size
- Available in keyed and keyless chuck

Pinstripe / Wheel Weight Removal Tool

- With an ergonomic design and lightweight materials, this tool is easy to use in every orientation
- Operating at 3,700 RPM, this tool is ideal for removing decals, pinstripes, and other adhesives without damaging your paint job

FLEET MAINTENANCE - TRUCKS, BUSES AND RAIL EQUIPMENT REPAIR

World's Most Powerful 1" Cordless Impact Wrench

Get 100% mobility from the market leader in 1" impact wrenches. The all-new W9000 Series Ingersoll Rand[®] 1" cordless impact wrenches combine the power of air with the freedom of cordless mobility. With its quick setup and no hoses to trip over, the 1" cordless impact wrenches promotes better safety and efficiency for roadside vehicle service. Give your operators the ability to move about freely in applications where space and maneuverability are at a premium.

- Up to 3,000ft lbs of nut busting torque, and 2,200ft lbs of tightening torque
- IQv Power Control System includes 3 modes: MAX Power, MID Power, and Snug

· IP56 rated for tough environmental

conditions

1" Drive Size Pneumatic Impacts

- · Engineered to make guick work of big jobs like semi, bus and tractor tires
- MAX Torque of 1,475 to 2,100 ft-lbs
- · 6" extended anvils available

3/4" Drive Size Pneumatic Impacts

- · Deliver higher torque to power through even the toughest bolts on lighter duty vehicles
- MAX Torque of 1,050 to 1,350 ft-lbs
- 3" and 6" extended anvils available

MAX Series Pneumatic Impacts

- 3/8" to 1" Drive Size
- MAX torque ranging from 25 to 2,100 ft-lbs
- · Class-leading MAX family of tools offer superior ergonomics and the best power-toweight ratios on the market

Low Speed Tire Buffer

• Ideal for patchwork, roughing areas for recapping, and cleaning tire moldings a breeze

Cordless Lubrication Tools - Grease Gun

• IQV High operating pressure and flow rate powers through clogged fittings, quickly delivering grease and reducing job time

AEROSPACE MAINTENANCE AND REPAIRS

QA Nutruners

- Offers precise torque control in a quiet, ergonomic package
- · Compact, lightweight, wellbalanced design
- · Low force forward reverse control • Recommended for where precise
- torque control is required

Air Screwdrivers

- Torque range: 0.3–5.1 Nm
- Speeds: 250–2,000 rpm
- Compact and lightweight
- · Coated grip for comfort
- Recommended for applications where precise torque control is required

Riveters Lightweight

- Accurate and easily controlled tease throttle
- Standard beehive retainer allows use of wide variety of accessories
- Built-in power regulators on A1
- and B1 models
- Available with straight, pistol and gooseneck handles

Balancers, Drills, Right Angle Die Grinder

- Straight or right angle
- Improved efficiency mean big power in a small package
- Features low noise and vibration levels and one-nut
- access for all motor servicing • Pencil and turbine grinders, as well as engravers

Heavy Duty Grinders

- Available in both straight and angle configurations
- Multiple speed configurations to handle virtually any job
- Rugged internal components, including a lube-free motor to run cooler and longer for less maintenance

Sheet Metal (Wire ways, Drilling) Drills

 Small Hand Drills (1/4"- 1/2" chucks 0.1 hp -0.75 hp)

- 1.75 5.6 hp) Impact Wrenches
- Screwdrivers

Large Drills

• Impact Sockets, Drill bits, Nutrunners

MARINE, NAVAL MAINTENANCE & FABRICATION

Ship Rigging/Lifting and Plate Clamping Hoists

- CLK, MLK, HLK, Hercu-link, and Liftchain pneumatic air
- Quantum and Hercu-link electric
- Liftchain hydraulic
- Lever and Manual chain

Winches

- MR150 Man Rider
- Infinity Winches
- Liftstar and Pullstar Hydraulic
- Classic Air

Large Grinders

- Up to 3 HP performance
- · Available in angle, vertical, and straight configurations
- Built in, patented motor controllers to increase productivity
- Extremely rugged, durable housing to withstand harsh environments

Refractory/Slag Removal

- Rivet Busters
- Scalers
- · Chipping Hammers
- Steel, Hose Connectors, Filter Regulator and Lubricators

Cordless Impacts

- 3/8" to 1" Drive Size
- IQv Power Control System providing Torque Control with 4 settings:
- Maxiumum Power
- Mid-Range Power
- Hand Tight for light snuggling
- Wrench Tight for quick rundown

Needle Scaler and Hammers

- · Rust and heavy weld slag removal
- · Pistol, inline, and swan neck configurations
- Kits Available
- · Powerful yet economical air hammers designed for light exhaust system work, bolt cutting and front-end work

CONSTRUCTION, UTILITY, BRIDGES, AND ROAD REPAIRS

Heavy Equipment / Construction

Shipping hammers, pavement breakers, and other construction tools make demolition and excavation easy. Portable singlestage and truck-mounted two-stage air compressors power tools at the job site. Industrial impacts provide the necessary to torque to power through the toughest bolts during heavy equipment maintenance and repair.

Construction Steels & Accessories

• Top quality steels and accessories specifically designed for your construction needs

Chipping Hammers

- Top choice for light demolition work, including concrete and masonry removal
- Hard-hitting, well balanced tool
- Variety of sizes, capacities, and precision matched ac cessories provide the best tool to the job

Diggers

- Great for medium to heavy density earth or rock-laden earth, and light
- to heavy demolition
- Time tested valve durability in dusty conditions
- Available in multiple retainer configurations
- Extra-long nozzles provide increased longevity

Jackhammers & Rockdrills

- Simon Ingersoll invented the world's first rockdrill
- Perfect for either wet or dry drilling
- Applications include blast holes, post holes and anchor holes
- Three series to choose what's right for your job

Large Drills

- Ideal for opening and closing large
- valves or drilling large diameter holes

 Lighter, smaller, and more powerful than
- electric drills

 No brushes or switches to
- be maintained
- Variety of available attachments

Spike Drivers

- Productivity of a large tool with less weight
- Transfer 20 percent more blow energy to the spike than traditional tools

PIPELINE CONSTRUCTION AND MAINTENANCE

Heavy Duty Grinders

- Available in both straight and angle configurations
- Multiple speed configurations to handle virtually any job
- Rugged internal components, including a lube-free motor to run cooler and longer for less maintenance

Large Grinders

- Up to 3 HP performance
- Available in angle, vertical, and straight configurations
- Built in, patented motor controllers to increase productivity
- Extremely rugged, durable housing to withstand harsh environments

3/4" Drive Size Pneumatic Impacts

- Deliver higher torque to power through even the toughest bolts on lighter duty vehicles
- MAX Torque of 1,050 to 1,350 ft-lbs
- 3" and 6" extended anvils available

Cordless Compact Impacts

- 3/8" and ¹/₂" Drive Size
- MAX Torque of 400 to 550 ft-lbs
- IQv Power Control System providing
- Torque Control with 4 settings:
- Maxiumum Power
- Mid-Range Power
- Hand Tight for light snuggling
- Wrench Tight for quick rundown
- Available in C1D2 for hazardous environments

- Specifically designed to meet ATEX Zone 1 or Zone 2 requirements
- Titanium hammercase, bronze end plates, and a corrosion preventative treatment up to 5000 ft-lb

ENERGY AND POWER

ATEX Tools - Made to Work Wherever Work is Done

When it comes to getting the toughest jobs done, professionals around the world choose Ingersoll Rand. With tools specifically designed to meet ATEX Zone 1 or Zone 2 requirements, we meet the most demanding safety regulations for working in dangerous atmospheres. From petrochemical refineries to plastic manufacturers, Ingersoll Rand offers safe and productive solutions to meet the demands of our customers, because making tools that can't work where our customers work is not an option.

Large Impact Wrenches

- Top quality models designed to tackle the most extreme jobs
- 3/4" to 2 1/2" square drive
- Advanced technology, proprietary\ hardening process, innovative ergonomic design, to create hardest hitting impact tools in the business
- Spark Resistant (ATEX) certified options available

3/4" Drive Size Cordless Impacts with C1D2 Standards

- For use in hazardous environments
- A Battery retention cage to reduce risk of sparks
- IPX6-rated protected from dust and water

Drills

- 3/8" & 1/2" Chuck Sizes
- Economical, high-quality drills for all your drilling, cylinder honing, reaming, and hole-sawing

1" Drive Size Pneumatic Impacts

- Engineered to make quick work of big jobs like semi, bus and tractor tires
- MAX Torque of 1,475 to 2,100 ft-lbs
- 6" extended anvils available

Large Drills

- Ideal for opening and closing large valves or drilling large diameter holes
- Lighter, smaller, and more powerful than
- electric drills
- No brushes or switches to
- be maintained
- Variety of available attachments

FACILITY MAINTENANCE

The Power to Perform

We are a world leader not just because of our products but also because we know our customers' industries very well - especially in pipelines and fabrication. Out of this comes a solid understanding of the unique challenges you face in these hazardous environments and IR delivers the highest levels of safety, reliability and performance.

ARO Diaphragm Pumps

- Transfer fluids such as fuel, wastewater, chemicals, lubricants, antifreeze,etc
- Metallic and non-metallic models used for specific applications
- 1/4" 3" Sizes
- · Easy to service and repair

ARO Oil and Grease Pumps

- Piston pumps used to move motor oil, gear oil, and transmission fluid from barrels (ranging from 5-gal to 275-gal)
- Used to lubricate construction
 equipment to commercial vehicles
- Available with digital/metered control handles for precise dispense
- Variety of accessories available to support different applications

Electric and Gas Compressors

- 2.5-50HP compressed air systems available
- Variety of portable gas driven systems, with trunk mounting brackets
- Premium packaged units come equipped with aftercooler and drain valves to improve efficiency of system

Air Dryers and Treatment

- Used to remove water and particulate out of the air, prolonging life of tools and equipment being used
- Refigerated and desiccant dryer types
- Full range of inline filtration sized by flow, pressure and particulate size removal

Ingersoll Rand Model	Description
Scalers and Han	nmers
116	Air Hamme
119MAX	Long Barrel Air Hamme
119MAXK	Long Barrel Air Hammer Ki
123MAX	Short Barrel Air Hamme
123MAXK	Short Barrel Air Hammer Ki
121/Q	Super Duty Air Hamme
121-K6	Super Duty Air Hammer Ki
125-A	Needle Scaler - Light/Medium Remova
172L	Chisel Scaler - Medium Remova
172LNA1	Needle Scalers - Medium Remova
182L	Chisel Scalers - Heavy Remova
182LNA1	Needle Scaler - Heavy Remova
182K1	In-Line Scaler Kit - Heavy Remova
Construction	
2A2SA	Chipping Hammer - 2" Stroke
3A2SA	Chipping Hammer - 3" Stroke
4A1SA	Chipping Hammer - 4" Stroke
4A2SA	Chipping Hammer - 4" Stroke
9001	Rivet Buster - 9" Stroke
PB35AL8	Air Paving Breaker - 35lb
MX60A	Air Paving Breaker - 60lt
MX60B	Air Paving Breaker - 60lk
MX90A	Air Paving Breaker - 90lk
MX90A MX90B	
JRD30-B	Air Paving Breaker - 90lb Air Rock Dril
JH40C2	Jack Hamme
93LA1	
341A2M	Air Backfill Tampe
Power Tools Acce	
105-LBK-1	Air Care Kit with Oil & Grease
10Z4	Air Tool Oi
50P	Premium Grade Air Tool Oil - 1 Quar
23A-VAR-GR	Surface Prep Accessory Ki
BLD1	Tool Balancer – 0.9-2.2 lbs
BLD2	Tool Balancer – 2.2 – 4.4 lbs
BLD3	Tool Balancer – 4.4 – 6.6 lbs
