

HD-3T, 3-TON WIDE BEAM CLAMP

202730

JET HD Series Beam Clamps come in capacities from 1 ton to 5 tons and can accommodate a beam up to 12 inches wide. Each JET beam clamp jaw is designed to distribute the load away from the beam flange and adjusts easily for a wide range of standard H or I beams. Available up to 5 Ton capacities, the HD Series has a greater beam flange width for wider beams.

FEATURES

- Durability
- Welded all-steel frame and powder coat finish provide maximum durability and protection
- Clamp jaw is designed to distribute the load away from the beam flange edge increasing safety
- Used for quick mounting of a hoist on a broad range of beams up to 12-3/5 inches wide for increased versatility
- Standards
- Complies with ANSI / ASME B30.17 and B30.20 standards
- Load tested to 125% of capacity with certificate

JET RED ASSURANCE 2-YEAR WARRANTY

JET warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these JPW Industries Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.
