

1/2" DRIVE COMPACT IMPACT WRENCH

Product # 400268 | Model # IW12MINI

- Features – Weighing only 2.9 lb., this lightweight impact wrench helps eliminate user fatigue. The Compact Impact Wrench has 500 ft-lb of torque in reverse and delivers optimum power and performance
- Benefits – Made from lightweight and durable aluminum, the impact- and chemical-resistant housing protects against repeated drops and exposure to shop fluids
- Design – This compact and lightweight impact wrench delivers exceptional power and performance. The jumbo hammer mechanism provides more powerful and balanced impact blows for reduced vibration
- Uses – The one-handed operation, Forward–Reverse by either left- or right-handed users makes the wrench strong, durable, and convenient to use. For maximum performance we recommend 90 PSI air pressure
