

AIR HOSE - EPDM RUBBER - 1/2" X 100'

Product # 408187 | Model # AH12100RB

- EPDM rubber air hose provides best balance between flexibility, longevity, and cost effectiveness for both automotive and industrial shop application – whether for tools, jacks, or other compressed air applications.
- Exterior and interior hose layers: Synthetic Ethylene Propylene Diene Monomer (EPDM) rubber for ideal flexibility
- Interlayer: Reinforced polyester for strength and longevity
- Solid crush proof couplings for leak proof sealing: 1/4" fittings for 1/4" and 3/8" ID, and 1/2" fittings for 1/2" ID
- Temperature range: -30°C (-22°F) to +88°C (190°F) – wide spectrum of indoor/outdoor applications

TECHNICAL SPECIFICATIONS

Inside Diameter (I.D.)	1/2"
Hose Length	100'
Fitting Size (NPT)	1/2"
