

JET-KUT JOBBER LENGTH BIT - 135° SPLIT POINT BLACK OXIDE FINISH - 1/2"

Product # 570232 | Model #

- Self-centering 135° split points provide consistent hole sizes and accurate hole placement without a centre punch
- Manufactured from high speed steel to drill faster and last longer
- Fully ground flutes for consistent hole sizes and fast chip evacuation
- Black oxide finish prevents chips from welding to flutes and cutting surfaces, extending cutting tool life
- Top quality bits at low cost, ideal for cordless drills, portable drills and drill presses
