KeepKleen®

Disposable Vinyl Gloves

#RDV

Superior's KeepKleen disposable vinyl gloves are 5 mil. thick for greater resistance to tearing, while providing superior touch-sensitivity, dexterity and comfort. Gloves have a rolled cuff for extra strength that prevents ripping during donning. Gloves do not contain any natural rubber latex, making them a great alternative for those who suffer from latex allergies. Lightly powdered with food grade cornstarch to ease donning and doffing. All are CFIA-approved for food handling.
