Full extension roller-bearing slides feature solid Delrin* rollers for 440 lb capacity and extreme wear resistance

Safety interlocking system allows 1 drawer to be open at any time and cannot be bypassed by user

Reinforced, 16-gauge double wall construction provides equal distribution of drawer weight

3-piece cabinet construction provides structural stability under heavy load conditions and protects locking components from unwanted torque and twisting

Protected label strips provided for content identification and organization

Drawer dividers, groove trays, and plastic bins provide options for organized storage (Sold Separately)

TX UB UGY

METAL THICKNESS

Frame	16 ga
Drawers	18 ga
Body	18 ga

It is highly recommended that modular cabinets be bolted to the floor to prevent tipping/serious injury.

Compact 25" X 24"	X	X	X
Standard 31" X 30"	X	X	X
Wide Standard 45" X 30"		X	X

Worktop

Ideal for use as an under-counter cabinet in workstation applications or as an upper cabinet in stacking applications.

Countertop

Great for fastening together and pairing with wood tops to create long banks of storage with a work surface.

Standing

Perfect for stock and supply rooms where storage capacity must be maximized.

PARTITIONS & SUBDIVIDERS

Use partitions to divide drawers in sections. Insert subdividers to make compartments. Partitions fasten to drawer bottom with screw and can be fitted from front to back or side to side. Subdividers slide into slots in partitions and side walls. Slots are .79" (20mm) apart.

DRAWER PARTITIONS

PARTITION LENGTH	SPACES	3" FRONT	4" FRONT
20.35" (517mm)	26	99033	99034
25.87" (657mm)	33	99043	99044
40.15" (1020 mm)	51	99053	99054

Note: Taller partitions and subdividers for use with higher side walls (drawer height extensions) are available. Contact your Kennedy distributor for more information.

HDS CABINET WORKSTATIONS

Workstations are a great way to organize work cells, control points, and assembly centers where a work surface is critical to task completion. Create a unique workstation using a Kennedy worktop or countertop cabinet, or cabinets, combined with your choice of any of the components shown below. Uncertain of what best solves your need? Contact one of our customer service representatives at (800) 413-8665 for assistance.

FIXED RISER SHELF

- Fixed riser is made of heavy 16 ga. steel
- Shelf is 14" high by 9" deep
- Has electrical knockouts
- Model 56601—Fits 60" work top
- Model 56721—Fits 72" work top

SIDE/BACK RETAINER SET

- Four-inch high steel side/back retainers attach to work top and prevent items from falling loss or damage
- Model 56607—For 60" work top
- Model 56608—For 72" work top

SOLID MAPLE WORK SURFACE

- Hardwood work surface is a smooth, maintenance free acrylic finish
- Model WT6030—60" W
- Model WT7230—72" W

FOOTRESTS

- Attach between work bench legs or between cabinet and legs
- Model 66606—Adjusts from 22" to 38⁵/₈"
- Model 66726—Adjusts from 38⁵/₈" to 66³/₈"

ADJUSTABLE LEG

- Adjusts in 1" increments from 27.5" to 40.125"
- Model 66200

HMS™ SERIES MODULAR CABINETS

Kennedy's Hybrid Series combines popular HDS cabinet features with the economy of 18 gauge roller cabinet construction. Drawers can easily be divided and labelled for small parts storage and are safety interlocked to prevent tipping under heavy load conditions. Four-inch drawers support 120 lbs. of storage capacity while six-inch and eight-inch drawers feature double slides and support 200 lbs. An optional mobility kit can be added that allows cabinets to be taken directly to the job site or interchanged in flexible fabricating or assembly situations. These cabinets are a great way to store and transport heavily-used fasteners, tools, and supplies.

40097 7-DRAWER CABINET

OVERALL:	DRS.	WIDTH	DEPTH	HEIGHT	NET WT	SHIP WT	STORAGE	CAPACITY
