

Master STAGES™

All Purpose Cleaner PMC1455-11

GENERAL DESCRIPTION

Master STAGES™ Task2™ All Purpose Cleaner is an industrial strength, water-based cleaning agent that does an outstanding job in the industrial environment for cleaning a variety of shop soils from all common surfaces. Task2 out-cleans all the green, crystal, purple, and blue butyl-based products you may have tried in the past.

ADVANTAGES

- Has been proven to clean shop soils off surfaces better than the “leading national product” of this type
- Contains no “butyl”, and also has very low V.O.C. content
- Environmentally friendly, biodegradable, and contains no caustic, silicates, phosphates, nitrites, phenols, or borates
- Safe on all metals and most surfaces at room temperature
- Has very low conductivity and pH and will not harm TRIM® metalworking fluids
- Task2 All Purpose Cleaner is nontoxic

APPLICATION GUIDELINES

Task2 All Purpose Cleaner can be used straight.
When in doubt, surfaces should be checked for compatibility in a hidden area.

PHYSICAL PROPERTIES (TYPICAL DATA)

Color (Concentrate)	Blue	Form	Liquid
Color (Working Solution)	Light blue	Flash Point	>214°F (101°C) (ASTM D-93)
Odor	Mild	pH (Typical Operating as a Range)	9.1-10.1
