# 9403KM

## String Knit Specification Sheet

### PRODUCT DESCRIPTION:

Most terry cloth is made with cotton because the absorbent fiber gets stronger when wet and it can be sanitized in very hot water using strong bleach and detergent without harm. Cotton terry cloth can absorb up to 27 times its own weight in water. Terry cloth also provides excellent thermal properties. Terry cloth is most often used for lighy heat applications in the industrial marketplace. The 9403KM is a 24 oz. seamless heavy weight terry glove that is made of a cotton/polyester blend.

### FEATURES:

- 24 oz. Loop Out Cotton/Polyester blend, Heavy weight
- Provides comfort and warmth
- Provides basic cut, abrasion and heat protection
- Knit Wrist

### APPLICATIONS:

Bakeries, Cold storage applications, Food service, Material Handling, Stamping
