for HR Hardness
Testers

Trade in any hardness tester unit and receive \$750 off the purchase of a brand new Mitutoyo HR Series

Mitutoyo Canada is offering a trade-in discount for any used hardness tester through our distribution network. The offer applies to previous generation Mitutoyo hardness testers or bench top models of other brands, in any condition. The goal is to provide you with the latest technology by trading up to a new Mitutoyo HR Series Rockwell Hardness Tester. Trade-up prices are available only with a pre-approved trade-in unit.

Contact your participating distributor or Mitutoyo sales representative for complete details.
