NORTON A275 SHEETS,
DISCS, AND ROLLS

WORK SMARTER FINISH FASTER

Norton A275 is proven sandpaper technology that consistently outperforms conventional abrasives. It cuts faster, runs cooler, resists loading better, and lasts longer to help maximize productivity.

Norton products deliver better performing results.

FEATHER-EDGING

SANDING PRIMERS

STRIPPING OLD PAINT

DRY SANDING COMPOSITES AND PLASTICS
(MATERIALS THAT TEND TO LOAD)

What makes high-performance Norton A275 Original Performance deliver? A sharp, heat-treated, P-graded aluminum oxide abrasive coupled with an anti-loading agent, bonded to a tough, tear resistant latex/paper backing. The result? A high-quality, high-performance, long lasting sandpaper that produces a quick, cool cut without loading.

FEATURES	BENEFITS
■ Premium heat-treated grain	■ 30% - 50% faster cut rate ■ Extended life
■ FEPA P-graded grain	■ Achieves a more consistent, uniform scratch pattern
■ Premium B-weight latex reinforced paper backing	■ Improved performance ■ More flexible
■ Superior bond system	■ Optimizes grain adhesion ■ Extends cut life
■ Water-based stearate No-Fil coating	■ Improves load resistance ■ Extends cut life
■ No pigment in No-Fil coating or bond	■ Eliminates the risk of color transfer ■ Creates a much stronger bond

IMPROVE PERFORMANCE

For years, Norton A275 has repeatedly demonstrated the ability to cut faster, without clogging or loading. This means you increase your productivity and save time on the job. And the newly designed ultra fine grits have a super smooth backing which translates to a consistent cut with no wild scratches so you can buff out the job faster.

INCREASE PRODUCTIVITY

The number one cost in a shop is labor. Norton A275 lasts two to three times longer than conventional abrasives so you have less downtime, more time sanding, and use less product.

FROM START TO FINISH... IMPROVE RESULTS

Norton A275 ultra fine grits help finish the job faster, without clogging - a guaranteed increase in productivity. When it comes to sandpaper, Norton A275 has proven to be the better performer.

NORTON A275 OUTPERFORMS CONVENTIONAL ABRASIVES.

THE NORTON NO-RISK TEST POLICY

Norton/Saint-Gobain is so confident of the superior performance of our abrasive products, as recommended for specific applications, that we invite in-plant tests against any other brand of abrasive product on the market.

- 1 The test will be conducted in the user's own plant, on their own machines, using their own workpieces.
- 2 Even if the user purchases only a minimum quantity of Norton abrasive products, the user will receive the same quantity discount as would apply to their normal production orders.
- 3 If the Norton product tested proves completely unsatisfactory, the user will receive a full refund.
- 4 If the Norton product tested performs at a lower level than the product presently in production, the user will receive an adjustment to make up the difference in performance.
- 5 The user is the final judge of performance!
