

# VERTICAL LIFELINE - SNAP HOOKS - 30' (9.1 M)

Product # V84015030 | Model # VL-1122-30

- Certified to CSA Z259.2.5-2012 and meets ANSI Z359 standards
- Specially designed from rope made using high-strength polysteel
- Polysteel is an extruded co-polymer fibre that yields an extremely high-strength, lightweight rope with excellent resistance to acids and alkalis
- 5/8" (16 mm) in diameter
- Minimum breaking strength 6,000 lb (27 kN)
- Back splice at the trailing end to prevent the rope grab from coming off the end of the lifeline

## TECHNICAL SPECIFICATIONS

Length	30 ft (9.1 m)
End Configuration	Snap hook at both ends
