

PIG® Barrel Top Absorbent Mat

MAT244 Lightweight, For 55 gal., Absorbs Oils, Coolants, Solvents, Water

Shaped to fit on drum tops to keep them clean, these absorbent mats last 2x longer than ordinary mats for fewer change-outs.

- Soak up pump drips without cluttering up your work space with dirty rags!
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Absorbed leaks and drips blend right in; dark gray color hides grime so mat stays on the job longer
- Fits 55-gallon steel drum tops; pre-cut with holes for 3/4" and 2" bungs to provide a perfect fit
- Light-weight construction is economical for less frequently used drum pumps
- Dispenser box makes it easy to take, carry and store your mat while protecting it from dirt and moisture
