

PIG® Green Ham-O® Absorbent Mat Pad in Dispenser Box

MAT268 Heavyweight, 16" x 20", 100 pads

Distinctive Ham-O top conceals absorbed leaks and drips. Scuff-resistant top layer stands up to foot traffic in aisles and walkways.

- Lasts 2X longer than ordinary mats for fewer change-outs, absorbs everything, works everywhere; that's why more plants worldwide use PIG Mat than any other brand
- Absorbed leaks and drips blend right in; Exclusive "hamouflage" top layer saves on product and disposal costs; absorbed grime is invisible, so you'll leave mat in place longer and save money!
- Fast-wicking dimple pattern transfers liquids from the top layer into the absorbent inner layers; spills disappear in seconds
- Tough, scuff-resistant, spunbond top layer stands up to heavy foot traffic; won't rip, tear, fray or create a trip hazard, even when saturated
- Under the Ham-O top layer is the proven eight-layer, 100% polypropylene construction of PIG Mat, the strongest mat on the market!
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Dispenser box makes it easy to take, carry and store your mat while protecting it from dirt and moisture
- Heavy-weight construction delivers greater durability and absorbency for demanding tasks and large-volume cleanups

Specifications

Fluid Absorbed	Oils, Coolants, Solvents, Water
Special Feature	Camouflage Pattern
Color	Green Ham-O®

Dimensions	16" W x 20" L
Recycled Content	25% or more Recycled Content
Absorbency	Up to 26.1 gal. per box
Absorbency per	Up to 33.4 oz. per pad
Mat Weight/Absorbency Level	Heavyweight
Perforated	Perforated Down Center Widthwise
Sold as	100 pads per box
Weight	19 lbs.
# per Pallet	30
Composition	Polypropylene
UNSPSC	47131901
UV Resistant	No
Pigalog® Page Number	<u>Page 27</u>

Metric Equivalent

Absorbency per	Up to 987.6 mL per pad
Absorbency	Up to 98.8 L per box
Dimensions	40.6cm W x 50.8cm L
Weight	8.6 kg
