

PIG® Grippy® Absorbent Mat

MAT32100 Adhesive Backing; Poly-Backed, Heavy Foot Traffic; Drive-Over, (1) 32" x 100' mat per roll

Make the switch to the mat that sticks to prevent slips, trips and falls around workstations and walkways near machinery in industrial facilities.

- Adhesive-backed absorbent mat stays exactly where you put it with no shifting, bunching up or flipping over to prevent slips, trips and falls in workstations and around machinery
- Proprietary adhesive sticks to the floor with a super-tight grip, but peels up easily for quick changeouts; reduces cleanup time to make your facility more productive
- Sticks to most commercial floor surfaces including concrete, VCT, linoleum, ceramic tile, quarry tile and laminate flooring
- Tough, spunbond top layer with heavy-duty zigzag stitching stands up to foot and light-wheeled traffic as well as heavy equipment driveovers; keep mat in service until it's saturated or shows signs of wear
- Eight layers of fine-fiber polypropylene safely absorb leaks, drips and overspray of oils, coolants, solvents and water
- Traps oil, grease and grime to keep them from being tracked around
- 32" x 100' roll provides enough length to create continuous coverage and absorbency in oily areas near machines and equipment
- Leakproof backing prevents absorbed liquid from soaking through to the floor
- Dark color hides grime so the mat looks cleaner longer
- Easy to cut and install: just roll it out, stick it down and smooth it out
- Tested and Certified by the National Floor Safety Institute (NFSI): when used as part of your floor safety program, high-traction surfaces such as PIG Grippy Absorbent Mat have been proven to reduce slip-and-fall claims by as much as 90%

Specifications
