

PIG® High Visibility Absorbent Mat Pad

MAT604 Lightweight, 15" x 20", 200 pads

Everyone will know there's a cleanup in progress when you use our Yellow Mat. Hi-viz spill absorbents alert workers to potential hazards or repairs.

- High-visibility yellow color is easier to see in poorly lit areas to minimize tripping hazards; alerts workers to potential dangers and work in progress
- Eight layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market; won't rip, tear or fray even when saturated
- Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup
- Highly absorbent, fine-fiber construction won't leave liquids or fiber residue behind
- Absorbs most common industrial liquids - oils, water, solvents, coolants and more
- Flame-resistant material won't burn immediately like cellulose mats; melts when exposed to high heat while on the job
- Pads are ideal for catching drips and soaking up spills
- Light-weight construction is ideal for small tasks and cleanups
