

8" CSA SAFETY LEATHER BOOTS - METATARSAL-PROTECTED - BLACK - 11

Product # **V4610970-11** | Model # **1060**

These metatarsal-protected leather boots combine quality, durability, and performance and are built with safety and comfort in mind.

- CSA Class 1 metal-free composite toe and plate
- PU/Rubber outsole for superior traction with chemical, oil, and fuel resistance
- Suitable for environments where there is danger of live electrical conductivity
- Premium mid-sole design offers exceptional all-day comfort
- Full-grain leather construction for unsurpassed strength and durability
- Tough and flexible metatarsal guard provides added impact resistance
- Quadruple heavy-duty Kevlar stitching for superior working durability
- Anti-clogging sole for added slip-resistance
- Gusseted tongue prevents water and debris from entering into the boot
- Special orthopedic insole design contributes to impact absorption and reducing fatigue

TECHNICAL SPECIFICATIONS
