

# NEW PRODUCT ANNOUNCEMENT

## CUT-RESISTANT SAFETY GLOVES

Did you know one-third of all jobsite injuries are related to hands, and two-thirds of hand injuries are the result of cuts and crushes?

With your safety top of mind, Pioneer is launching a line of new impact- and cut-resistant gloves that offer 360-degree protection for your hands. Heavy-duty TPR patches provide impact-resistant level A2 and you have the option for different levels of cut resistance.

Nitrile palms provide great grip, dexterity, and oil resistance. The leather options offer great abrasion resistance and liquid repellency. Pioneer cut/impact gloves give your hands superior all-around protection.

*Give them a try!*
