PROTECTIVE INDUSTRIAL PRODUCTS

In 2003, Protective Industrial Products, Inc. (PIP) acquired Alliance Fire & Rescue representing Pacific Helmets of New Zealand in North America. Today as a global provider of a vast array of consumable personal protective equipment to multiple industries and channels of distribution, we've consolidated most of our brands under the PIP banner. Alliance Fire & Rescue is now PIP Emergency Responder Products.

PACIFIC HELMETS

PIP offers the well-known Pacific Helmets lineup of protective headgear covering Rescue, USAR, Structural and Wildland channels. From conventional style shells, to the Jetstyle streamlined models, these helmets are available and certified or compliant to major structural firefighting international safety standards.

Proprietary manufacturing process and innovative designs result in products which have created new dimensions in helmet safety. Pacific Helmets has an ongoing commitment to the development of new and innovative helmet products and an unwavering focus on safety, quality and comfort.

WHY DUPONT™ KEVLAR®?

Sheer Strength - Dupont™ Kevlar retains its integrity and will not tear, so it is virtually unbreakable.

Light Weight - Dupont™ Kevlar is up to 20% lighter than the equivalent woven fiberglass material.

WARNING BEACONS

E-FLARE™ SAFETY & EMERGENCY BEACON

- **Intensely Bright:** Can be seen for over 1/2 mile away without the night vision, point fixation and distance judgement problems associated with strobe and incandescent lights.
- **Portable:** Unit is 8" tall and weighs only one pound, making it easy to carry or store anywhere.
- **Simple To Use:** Just twist the lens to turn on or off. Place unit(s) around to provide a highly visible warning and safety zone for people, work areas, hazards and accidents.
- **Durable:** Waterproof and dust proof, plus unit will survive a 3-foot drop onto a concrete surface.
- **Double the Safety:** Provides safety by ensuring maximum 360° visibility. Unlike pyrotechnic flares, there is no risk of fire or explosion, and there are no toxic fumes or residue.
- **Versatile:** Available in 1- or 2-color light combinations, flashing and/or steady-on, and built-in work light versions. Easily attaches to belts, clothing, vehicles, traffic cones or signs.
- **HAZMAT Accreditation:** e-Flare is designed for use in Class 1, Division 2 / Zone 2 hazardous areas.
