

SPECIFICATION SHEET

94-932G

FABRIC HOT MILL GLOVES

- PIP hot mill gloves are constructed of multi-layer cotton canvas
- Burlap lining in three layer, heavier weight styles creates an air pocket affording increased heat protection.
- Knucklestrap provides protection to knuckles and back of hand

APPLICATIONS

Used in forging, hot metal handling, castings, molds and other operations that require heat protection

CARE INSTRUCTIONS

Recommend washing gloves in slightly warm water not exceeding 40° C. A mild non-ionic detergent should be used. A 5-10 minute cycle time should be employed. Hang dry; tumble dry is not recommended.
