591SJH Rainwear Specification Sheet

PRODUCT DESCRIPTION:

For those applications where being seen is of the utmost importance, MCR Safety's Luminator Series offers you a variety of high visibility garments made in different colors and different options of reflective material. The 591SJH is a fluorescent orange/black jacket with attached hood. The polyester/polyurethane material has a light polyester liner that makes it comfortable and easy to put on and remove. This material is breathable and waterproof, making this premium offering cooler and more comfortable than comparable non-breathable options. Features include a zipper front with hook & loop storm flap, attached drawstring hood, covered zipper pockets, and silver reflective striping. Other features include hybrid elastic/hook & loop wrist closures and shaded black material in high wear areas. Meets or exceeds ANSI/ISEA 107-2010 Class 3 high visibility standards.

FEATURES:

- Breathable and Waterproof polyester/polyurethane, Fluorescent Orange/Black
- Generously Sized
- Zipper front with hook and loop storm flap
- Covered zippered pockets
- Meets or Exceeds ANSI Class 3 High Visibility Standards

APPLICATIONS:

Airport , Baggage Handling, Construction, Flagman, Railroad, Road construction, Sanitation, Security, Surveyor, TSA
