# 8402 Rainwear Specification Sheet

**PRODUCT DESCRIPTION:**

The Hydroblast suits are filled with features that keep you dry in high pressure spraying applications or in driving windblown rain. The 8402 features a jacket with hook and loop closures on the front, wrists and neck. Other features include attached drawstring hood and drawstring waist. Overall pants feature full elastic suspenders, hook and loop closures on the ankles, and a plain front (no fly). The material is treated to be limited flammability. Two levels of canvas material and a quilted palm provide for comfort and dexterity for light duty work. The 8516G is a golden chore glove with a three finger natural canvas fabric back and fleece quilted palm. The 5 inch plasticized guantlett cuff provides additional safety. Two levels of canvas material and a quilted palm provide for comfort and dexterity for light duty work. The 8516S is a golden chore glove with a three finger natural canvas fabric back and fleece quilted palm. The 2.5" Safety Cuff offers extended protection. Two levels of canvas material and a quilted palm and back provide comfort and dexterity. The 8526C is a heavy weight golden chore glove with a gold knit wrist that gives you long term comfort and ease of wear. When you need the job to stay clean and spotless our Lisle Inspector gloves are the perfect choice. They can be worn alone or used as glove liners. The 8600C and 8610C feature 100% cotton for maximum comfort. When you need the job to stay clean and spotless, our Lisle Inspectors are the perfect choice. Can be worn alone or used as liners.
