PRODUCT DESCRIPTION:

These Incident Command Vests can be used to help quickly identify personnel in any environment by using color as an identifier. Example: the foreman may wear green and the drivers may wear red. Also, define your workers by using clear front and back slots to insert the title information of your choice. The ICV207 is a solid black polyester/cotton safety vest with two 1" white horizontal reflectve stripes, elastic side straps to fit a variety of sizes, and front hook & loop fasteners. 1 inner pocket and 1 outer pocket.

FEATURES:

- Four colors for identifying different types of users or applications
- Solid black material with 1" white reflective stripes
- Non-ANSI compliant, 1 outer and 1 inner pocket
- Clear back insert slot to place your title (4 3/4" x 10 1/2")
- Clear front insert slot to place your title (3 3/4" x 4 3/4")

APPLICATIONS:

EMS, Construction, First responder
