

TRAILER STABILIZING STAND - 20 TON

Product # 032251 | Model # 857

STRONGARM®

Stongarm® 20-Ton Trailer Stabilizing Stands are designed to hold the front or rear of a loaded or unloaded disconnected trailer. The stand features a heavy-duty screw nut for fine adjustment and a diamond-plate saddle for long life. Stands are sold individually.

- Design – The wide 1-1/2"-diameter, grade 5, heavy-duty screw and nut provide maximum strength and fine adjustment while the 14"-diameter base provides maximum stability
- Features - The large 4.5"x 5" diamond-plate saddle makes the product extremely sturdy and is used to grip the load. The quick-adjust spin handle provides stabilizing features and easy turning.
- Applications - Designed to stabilize and assist in supporting the front or rear end of loaded or unloaded tractor-less trailers
