

SPECIFICATION SHEET

AG1 Anti-Slip Tile

- Excellent for welding areas and all types of manufacturing environments where lubricants are present
- Silicon Carbide Grit bonded to surface of PVC protecting against heat and chemicals
- Configures easily to work environments
- Standard lug connection system allows mixing of tile types
- Provides ergonomic support
- Easy to clean and maintain
- 64 leg support structure underneath provides weight load dispersion and channels for cord control
- Can be edged with A3, A4, A5 and A6 edges or corners

DIMENSIONS	18 in x 18 in x 1 in
WEIGHT	7.5 lbs
COMPOSITION	Recycled PVC, Silicon Carbide Grit Surface
TEAR STRENGTH (ASTM D624)	303 lbs/in
TENSILE STRENGTH (ASTM D412)	Stress: 1630 PSI Strain: 150%
DUROMETER	Shore hardness "A" 85 (+/-5)
FLAMMABILITY	0.61 watts/cm ² = Class 1 fire resistant
TABER ABRASION (SAE J1530)	Negligible wear
FRICITION (ASTM D1894)	Static: 1.54 Dynamic: 1.24
MAX LOADING	1429 PSI
WARRANTY	2-year warranty against manufacturer's defects
COLORS	Black, Custom colors available

Premium. Flexible. Safe.

The Safe-Flex Floor System is a premium, flexible and safe modular industrial flooring solution that solves challenges faced by many organizations.

The patented Compression Flex construction provides the industry's top anti-fatigue support. The floor system can be custom fit or purchased in ready-made standard kits. The anti-slip varieties work in wet or even oily environments, and bevelled edges ensure that workplace slips, trips and falls are greatly reduced. The ESD and anti-microbial options provide additional environmental control. All matting options are impervious to most chemicals and are class 1 fire resistant. Tiles are sustainably produced using recycled materials and feature world class connection lugs that will last beyond the competition's. A Safe-Flex Floor System works as hard as you do to protect your most important asset—your employees.
