STANLEY

HEAVY DUTY
STAPLER

- Chrome plated, heavy duty steel construction

- Convenient handle lock for storage

- Unique handle design allows user to disengage the handle from the driver to easily bring the handle into place to use the convenient storage lock

- Staple indicator window shows user what staple size is in the stapler

- Easy, fast bottom staple load

- Stapler Core:
  – Core slides out by depressing the lock on the back of the housing, which allows for fast staple load
  – Core also stays in the stapler housing, which allows end user not to worry about losing this piece

- Easy access to staple channel allows for easy jam clearing
