

SolvStop™ | F236

Double-dipped chemical protection with textured finish for longer wear life and better grip

ABOUT THE PRODUCT

Our SolvStop™ F236 chemical-resistant gloves feature a textured finish for better grip and are designed for longer wear life. Double-dipped PVC coating provides better durability against wear and tear and guards against chemicals and solvents. These gloves feature an anti-slip textured finish that ensures grip on wet surfaces and are CFIA-compliant for safe food handling.
